

Unfortunate that Pharaoh thinks he will get away with his sick plan

Bible passage

Exodus 2: 1-10 *Moses' birth*

9 Pharaoh's daughter said to her, 'Take this baby and nurse him for me, and I will pay you.' So the woman took the baby and nursed him.
 10 When the child grew older, she took him to Pharaoh's daughter and he became her son. She named him Moses, saying, "I drew him out of the water." (NIV)

Devotion

Can I trust God with my problems? The episode where Pharaoh orders that new-born Hebrew babies be thrown into the Nile will give us some wisdom. In this episode, we see that women, who at that time had no real power, jeopardize the mighty Pharaoh's plans. This starts with Moses' mother, who hides her son, Moses, in the reeds while Moses' sister stands at a distance. Pharaoh's own daughter then comes to Moses' rescue. However, she does not want to take responsibility for his upbringing, so, without realizing it, she returns him to his own mother, who feeds him and takes care of him.

The best part is that the princess pays Moses' mother to do this! God uses socially disempowered women to undermine the mighty Pharaoh's plans. Unbelievable! God is still able to provide a way out in surprising and unpredictable ways. Trust God with your challenges!

Prayer

Thank You, Lord, for letting me know that You are in control of history.
